

GAS DIAGRAM WORKSHEET & DEFERRED SUBMITTALS

NOTICE

Attention all Builders and Contractors:

Beginning May 1, 2008, for all new single family dwellings and commercial buildings Herriman City Building Department will require a Gas Diagram Worksheet to be filled out and submitted to our office along with a copy of your application to Questar **prior** to requesting a Rough 4-Way inspection.

Also, any deferred submittal items from plan review (trusses, gas line, engineered fixes, etc.) must also to be submitted to our office **prior** to requesting a rough 4-way inspection.

If needed, please fill out this worksheet and submit it to the Herriman Building Department prior to requesting a Rough 4-Way inspection by fax (801-838-9037) or email (building@herriman.gov), or bring it into the office, or have it on site for the inspector at the 4-way inspection.
